EMPLOYMENT HISTORY

FULL STACK DEVELOPER at DESARROLLATECH, Cd. Nezahualcoyotl

March 2021 — December 2023

I was part as an independent contractor of a digital marketing company which is dedicated to the management and creation of e-comers for various stores of which I participated in 4 of which are 3 tennis e-comers and their respective administrator.

My functions were from the sourceend to the Backend, in the frontend part I had to carry out modifications with banners, add payment methods, new functions for the user, etc., also make the respective modifications in the backend for the operation and connectivity of the same.

Company where I could learn and develop languages and work environments such as.

html, css, Typescript, angular, node.js, PHP, Mysql, azure, etc.

Fontend Developer at Eterpor Digital, Nezahualcoyotl, Mex.

February 2018 — January 2021

I was part of a small development group, dedicated to developing e-commer and web apps for small micro businesses and venturing into the digital world, my role was mainly in the fontend part, in which I developed the user interfaces and that would be more friendly and functional with it, work with react above all, being able to develop languages such as

Javascript, Typescript, Jsx, HtHtml, Css

Likewise with the codinaiter work environment for the back part in which I did not intervene much.

Freelace

I have a diverse client portfolio with microbusinesses and established companies, in which I carry out digital marketing design work, creation and management of websites, banners, etc. The companies and clients with whom I have collaborated are

Axiom, Los hidalgos, Alpura, Instituto 11, Carlota and many more

Companies mostly in Monterrey and working from home office for each and every one of them

EDUCATION ACADEMIC

UTEL, Computer Systems Engineer, CDMX

August 2022 — Present

Due to the various courses and diplomas that I have and that I already have knowledge of the field, I only study the degree online to obtain the title and better opportunities.

baccalaureate, Institute Pakkal

Tecnico en diseño grafico
